many

Across China, there has been a huge outcry over the death of a doctor in Wuhan who was among the first to raise the alarm over the coronavirus. At the time, nearly two months ago, authorities accused him of spreading rumors and warned him he would be prosecuted if he did not remain quiet. The government now says it will investigate some of the, quote, “issue raised by the masses” over the death of this man, who’s now being hailed a hero by many.

Across China,

there has been a huge outcry

over the death of a doctor in Wuhan

who was among the first to raise the alarm over the coronavirus.

At the time,

nearly two months ago,

authorities accused him of spreading rumors

and warned him he would be prosecuted

if he did not remain quiet.

The government now says

it will investigate

some of the, quote, "issue raised by the masses"

over the death of this man,

who's now being hailed a hero by many.
